

Application No. 10/876,752 (Erwin) and whether or not Applicants could antedate this application were discussed. The 131 Declarations in Erwin and in Applicants' applications were discussed with respect to the dates of conception and whether or not a date of conception is also a date of reduction to practice. Davidson et al. and the meaning of blended with fish oil were discussed. Folkers et al. and the soybean oil emulsion and soft gel were discussed. Garti et al., their nano-scale co Q10 emulsion and the oil phase of the emulsion were discussed. The word solution and whether or not Applicants will broaden the claims in each application from d-limonene to monoterpenes solutions were discussed. No agreements were reached, but Applicants were advised that Supervisor Nashed will review Application Nos. 10/674268, 10/953328 and 11/223718 and provide an assessment
